

ADA Paratransit Services Application

There are two types of public transportation available throughout the State of Delaware:

Fixed Route Service (regular city buses) provides service at designated bus stops along specific routes on set schedules. All buses now have features to make riding easier for people with disabilities, including wheelchair lifts, kneeling features, low floor buses, and voice announcements.

ADA Paratransit Service (door-to-door) shared-ride public transportation service for people whose disability prevents them from using Fixed Route Service (regular city buses). You must call in advance to make a reservation to travel.

If your disability and/or environmental barriers, prevent you from using Fixed Route service (regular city buses), you may be eligible for Paratransit Service (door-to-door) some or all of the time. Your ability to use fixed route buses will be evaluated through the use of this application, an In Person Interview, and in some cases a functional assessment. A determination will be made within 21 days of your in person interview or presumptive eligibility will be granted. When you are contacted for your in person interview, it is to your benefit to schedule as soon as possible. Your application will not be processed without this step.

IMPORTANT: Medical condition or eligibility for other disability programs do not necessarily qualify you to use Paratransit Service (door to door). Not having access to fixed route bus service is not a qualifier.

What is the American with Disabilities Act (ADA)?

The Americans with Disabilities Act (ADA) is a civil rights law. The intent of the ADA is to remove barriers that have prevented people with disabilities from fully participating in life. Under the ADA, Fixed Route service (regular city buses) is to be the primary means of public transportation for everyone, including people with disabilities.

Travel Training

DART offers free one-on-one or group training to teach people with disabilities how to ride Fixed Route buses. If interested, you may call one of our travel trainers for more information:

1 – 800 – 652 – 3278, option 4

ADA Paratransit Services Application

To ensure your application is processed in a timely manner, **all questions** must be answered. **Part A and Part B must be submitted at the same time.** Incomplete applications will be returned to applicant and/or individual/agency completing application. All information is kept confidential.

PART A: General information regarding applicant

To be completed by applicant or on behalf of applicant.

16. Are you able to tell time? ☒ Yes ☐ No

17. Are you able to count money? ☒ Yes ☐ No

Is there any other information you want to provide that will help us in making an appropriate eligibility determination?

I have had MS for 11 years. My condition fluctuates daily and worsens significantly with heat and exertion. My physician Dr. Emily Carter can confirm that.
